Wading through the options in shopping for a mattress can be overwhelming, especially since this isn't something I have much experience with. We visited another store before coming to Gardner's, and while we got some help, the focus felt more like it was all about making a sale. From the moment we met Ben at Gardner's, I felt like I had made a friend. I loved his personal, friendly approach! He was very patient with us as we tried out different beds and weighed our options, and I never felt pressured in any way. Even though we didn't make a purchase after our first visit, we did come to the firm conclusion that THIS was where we would buy our new mattress! Ben's friendly followups (never pushy) and personal attention continued to guide us through the process until we had it all figured out. Rarely when I've ever shopped for anything have I felt as warmly toward a business as I did with Gardner's. Wow! For one who generally hates shopping, Ben made this experience downright fun!

I bought an all natural latex mattress from Gardner's and I have been very pleased. The salesman was very knowledgeable and helpful during our purchase. I would highly recommend Gardner's.

interesting/frustrating time mattress shopping this morning....I went to 6 places i believe....ended up at Gardners by Park City Mall, and they were way better than the competition...prices/service/employees/show room, definitely recommend! Quality Excellent Appeal Excellent Service Excellent Ben and his team are great. He sets a new standard for a "mattress store". The store is laid out great and with lots of options, you will find your right fit. An overall great experience...
